

A group of residents in the Bradmoor and Huntington Terrace neighborhoods is exploring a way for neighbors to connect with and support each other to make our community a good place to live *for a lifetime*. There are many ways to achieve this goal, all falling under the umbrella concept of a “neighborhood village.” Some models involve only residents over 50, while others are inter-generational.

With this survey we are trying to understand our neighbors' interest in a Bradley Hills Village and what specific needs it might address. ***Please complete only one survey per household and return by July 12.*** Contact information for questions and submission directions are provided on the last page. *Thank you for your time!*
